

## Our Rooms

### Main Floor, Premium Suite \$165-\$199

The exquisite **Sand Dollar** suite has a wood-burning fireplace, soaring cathedral ceiling, ample walk-in closet, and private bath. Step onto the deck through private French doors that frame the picturesque view of the dunes and Cape Cod Bay. Furnished in shades of cream and beige, the queen pencil-post canopy bed is adorned with colorful batik pillows from Bali. A comfortable rattan chaise lounge beckons you to stretch out beside the fire. Individual temperature controls for heat and air conditioning ensure your comfort day and night.

### Second Floor, Deluxe Suites \$135-\$189

**Sea Dream**, on the second floor, is an expanse of luxury. Two swivel rockers create a cozy reading nook beside the full-view picture window. A striking black queen canopy bed draped in a persimmon coverlet takes center stage in the spacious room, positioned to take full advantage of the commanding view of sand and surf. In the dormered alcove, a schoolmaster's desk invites you to pen your most intimate thoughts. A private shower-bath, CD player, ceiling fan, and individual controls for heat and air conditioning complete this magnificent aerie.

**Moonglow**, also on the second floor, is a cool oasis decorated in shades of celadon and cranberry. Two reclining wing chairs perch next to the full-view picture window, offering a bird's-eye view of the Great Salt Marsh and Cape Cod Bay. On a clear day, the Pilgrim Monument in Provincetown is visible with the naked eye, but we've provided binoculars to follow the intricacies of the great blue herons, ospreys, and red-tail hawks that soar above the marsh. At night, from the comfort of the pencil post bed, the moon and stars twinkle goodnight through the picture window. A private bath, CD player, ceiling fan, and individual controls for heat and air conditioning complete this cozy retreat.
